CAPABILITY CLINIC

Look at the problem.

temporary fix.

What if 60 minutes could save you thousands on your budget & hours of lost time?

An experienced, independent perspective before you commit more money, time or people. Challenge the assumptions. Look beyond the obvious answer. Get clearer on what's really getting in the way.

A Capability Clinic could help you:

- Challenge a solution before committing significant budget or resource.
- Get an independent perspective on a problem that's become difficult to see clearly.
- Test whether you're addressing the root cause — or simply treating the symptom.

No functional silos. | **No predetermined answer.** | *You look at the problem.*

60 minutes | **£295**

Capability Prescription & further support available separately.

Before you invest more money, time or people, make sure you're fixing the ***right thing.***
